Precision Opportunities Fund Ltd ("POF") is a boutique investment vehicle that identifies emerging opportunities and undervalued companies listed on the ASX and other recognised exchanges.

The investment focus of POF is predominantly in the small-mid cap sectors which are companies typically capitalised outside the ASX100. The Investment Manager may invest from time to time in unlisted opportunities that have a clear path to market or exit. Through its exposure to the Investment Manager's network and skill-set, POF intends to provide its Shareholders with access to opportunities not generally available to investors using traditional methods of equity investment.
